My dear Mrs. Devison —

That's the  
most wonderful thing that  
ever happened! I came home  
last night after a terrible  
day at the Court on Mrs.  
Hooker's trial - feeling too down  
to imagine that anything  
could possibly cheer me up —  
Perhaps you can imagine what  
the week has been like when  
I tell you that I had accepted  
an invitation to Mrs. Weed to  
meet Dr. William Welch and  
the new professor of medicine

Dodge - don't you think so -  
Dr. Reed says a Gardner -  
but Dr. Cunningham says a  
Dodge - I think that it  
will be better to wait until  
September - but what for it  
will be - I don't think that  
I have ever wanted anything  
as much as an automobile -

I shall deposit the check  
to-morrow - To-day was too  
 hectic - we had oral examination  
and in the midst of them  
I had to give a demonstration

I blow to a visiting medical  
society -

I will write again a day  
or so when I have been  
over to the Dodge shop  
and found out how long  
it takes to get a car - I  
just can't imagine how  
it will seem to really own one.  
I can just imagine watching  
that stock go up! - I wrote  
Mary about getting a car  
meaning about four or five  
years hence and she made  
me laugh by writing that I
